

THE AMERICAN BOARD OF HAIR RESTORATION SURGERY advises that the **INTERNATIONAL SOCIETY OF HAIR RESTORATION SURGERY** has finalized plans to conduct the **ISHRS REVIEW COURSE** in preparation for the **ABHRS ANNUAL EXAMINATION**.

The **Review Course** will be held in conjunction with the **ISHRS Annual Meeting**. It is an excellent opportunity for both the experienced practitioner and the newcomer to learn the safe and latest techniques in hair restoration surgery.

☞ DON'T MISS 2 MEETINGS IN 1 !!

The Society would like to thank Gordon Deal, our former advertising representative, for his many years of service to the ISHRS. Please direct all advertising space inquiries to Victoria Ceh while we conduct our search for a new representative.

WANTED TWINS

Identical male twins between the ages of 21 and 50 with early hair loss are needed to participate in a nonsurgical hair regrowth study. All physical exams, laboratory work, and medication will be furnished free of charge. All physicians who refer a set of twins will be included as authors on the conclusion paper.

If you have a set of twins for this study (United States and Canada only), please call Dr. Dow Stough at 501-623-6100.

GRAFTCYTE™ SYSTEM *A Head Start on Healing*

Specially formulated for hair transplant patients, the GraftCyte™ System provides a quick road to recovery by promoting a healthy healing environment. GraftCyte™ products enhance tissue repair while increasing patient comfort by keeping the graft area moist and richly supplied with our patented copper peptide micronutrient.

Because patients will see reduced crusting and a rapid return of healthy hair, follow-up procedures are possible sooner than ever before. Convenient and easy to use, the GraftCyte™ System can easily be tailored to any patient's lifestyle. Enhance the cosmetic benefit of your hair transplant procedures. *Give your patients a head start for a successful recovery.*
