

Judged to be the lowest  
interest rate of any patient  
payment plan available.

Check around and you'll see it's true. No other patient payment plan is offering fixed interest rates as low as 5.9%\*. And that means your patients have every incentive to accept treatment without delay. What's more, these unprecedented low rates will make discussing fees and options with patients even easier. Finding ways to help your practice become more profitable is what we do best. You be the judge. Call 1.888.440.2379 to learn more.

## Volunteer Translators Needed

The *Forum* is looking for volunteers to translate the *Forum* into any non-English language. It is our intention to create text documents in several languages that could be opened and printed from our Website at [ISHRS.org](http://ISHRS.org), or have the documents routinely e-mailed to requesting doctors. Ideally, it would be our goal to have several volunteers in any given language to share the work load. If you speak both English and another language, we certainly would appreciate any help in this regard. If interested, please contact Dr. William Parsley at [bparsley@bellsouth.net](mailto:bparsley@bellsouth.net).
