

ISHRS Regional Workshops Program

Physician Members! Consider hosting a live surgery workshop through the ISHRS's Regional Workshops Program. This is an excellent opportunity for members to “partner” with the ISHRS to offer a live surgery workshop in their region. All ISHRS Physician Members in good standing are eligible to submit an application.

The complete guidelines and application are available by contacting the ISHRS headquarters office at 800-444-2737 or 630-262-5399, or online at www.ishrs.org in the Members Only section.

New Polish Society of HRS Management Board

The Polish Society of Hair Restoration Surgery (PSHRS) was brought into being in the year 2000. The Society consists of 15 members; however, currently there are 8 active members dealing with the issues of hair transplantation, the majority of whom are surgeons. Jerzy Kolasiński, MD, has been the President of the Society for the first four years (2000–2004).

The meetings of the Society take place once a year and have a purely scientific character. The last meeting took place on September 26, 2004, in the Society's office in Poznań. At that meeting, attendees had an opportunity to hear three reports, including an interesting one presented by Kazimierz Cieoelik, MD, who paid a lot of attention to the issues of culturing hair blastema and its cloning to restore scalp hair.

During the second part of the meeting, a new management board of the Society was chosen. This Board consists of Ma³gorzata Kolenda, MD, PSHRS President; Kazimierz Cieoelik, MD, Vice-president; and Jerzy Kolasiński, MD, Past President. The new President may expect an interesting but also a difficult job.

The ISHRS would like to extend our heartfelt condolences to all those affected by the recent tsunamis.

Our prayers are with those who have suffered as a result of this tragic disaster, and we pray that all of our members and their families are safe and well at this time.

CO-SPONSORED BY THE INTERNATIONAL SOCIETY OF HAIR RESTORATION SURGERY

LIVE SURGERY WORKSHOP XI

ADVANCING THE INDUSTRY OF HAIR RESTORATION. MARCH 2-5, 2005 ORLANDO

PRELIMINARY PROGRAM

Research Symposium

- Genetic Research
- Follicular Regeneration
- New Propecia® Data
- Coronal vs. Sagittal Recipient Site Incisions
- Clinical & Histological Evaluation of Transplanted Debris Tissue
- Rogaine® Review
- Donor Scar Appearance — one layer vs. two layer closure
- Hair Diameter changes resulting from transplantation

New Instruments/Techniques

- Special Emphasis on Dense Packing
- Newest Implantation Instrumentation
- Choi & Knu Implanter
- Dissecting Microscope

Volunteer Translators Needed

The Forum is looking for volunteers to translate the Forum into any non-English language. It is our intention to create text documents in several languages that could be opened and printed from our Website at ISHRS.org, or have the documents routinely e-mailed to requesting doctors. Ideally, it would be our goal to have several volunteers in any given language to share the work load. If you speak both English and another language, we certainly would appreciate any help in this regard. If interested, please contact Dr. William Parsley at bparsley@bellsouth.net.

Please
make
note...

Please note the new *Forum* submission information below. To be considered for publication, all articles should be sent electronically, via e-mail, to **Robert Haber, MD, at HaberForum@aol.com.**

To Submit an Article or Letter to the *Forum* Editors

Please send all submissions electronically via e-mail. Remember to include all photos and figures referred to in your article as separate attachments (JPEG, Tiff, or Bitmap). Be sure to ATTACH your file(s)—DO NOT embed them in the e-mail itself.

Any person submitting content to be published in the *Forum* agrees to the following: 1. The materials, including photographs, used in this submission do not identify, by name or otherwise, suggest the identity of, or present a recognizable likeness of any patient or others; or, if they do, I have obtained all necessary consents from patients and others for the further use, distribution, and publication of such materials. 2. The author indemnifies and holds harmless the ISHRS from any breach of the above.

Send to:

Robert Haber, MD

E-mail: HaberForum@aol.com

Submission deadlines:

March/April, February 10 • May/June, April 10

Advancing the art and science of hair restoration
