Editorial

O'Tar T. Norwood, M.D.

I have received a number of letters from doctors who attended the meeting in Dallas complaining about having to pay dues in January. They believed that the registration paid in Dallas should last until the next meeting. I understand their concern, but the Board decided everything must begin in January, i.e. the *forum*, the **JDS&O**, and the membership of those who did not attend the Dallas meeting. To have it differently would have been impossible and an accounting nightmare. Remember you are getting the *forum*, the **JDS&O**, and a reduction in the registration fees for the Toronto meeting all for \$175. Just these three things alone more than make it worth the money. If you decide not to join the society and you want to continue getting the forum you are going to have to renew at a cost of \$100, so please consider adding \$75 and get the whole package. So everyone, please join.
