Don't Miss
The Big One!

INTERNATIONAL SOCIETY OF
HAIR RESTORATION SURGERY

Plans are already underway to create an unforgettable congress in 2021. Save the date for October 21-23, 2021! We have many ideas. We are naming the congress: Lisbon Hybrid. We are planning an in-person meeting, but also with an online option. This is called a “hybrid meeting.”

We anticipate travel will open up by next October so many will be able to attend in person. However, it is likely the case that some may not be able or willing to travel as it depends on the pandemic progression, vaccinations, etc. Therefore, an online/virtual option will be available. At this time, we imagine two tickets: in-person+virtual and virtual only. We plan to live stream and record sessions. We plan to have them available for on-demand viewing similar to this year. We will keep this year’s popular online CSI format to replace the traditional poster format. We are working through other details as we formulate the outline and appoint the committee. Please watch for more updates as this new and exciting plan unfolds!

REMINDER

ISHRS full **Members** and **Fellow Members** are required to attend 1 ISHRS-approved meeting every 3 years to maintain their member category.

Editorial Guidelines for Submission and Acceptance of Articles for the *Forum* Publication

- Articles should be written with the intent of sharing scientific information with the purpose of advancing the art and science of hair restoration and improving patient outcomes.
- If results are presented, the medical regimen or surgical techniques that were used to obtain the results should be disclosed in detail. If intra-operative or immediate post-operative photos are presented, please submit photos that show results (at least 6 months after surgery) of the procedure being presented.
- Articles submitted with the sole purpose of promotion or marketing will not be accepted.
- Authors should acknowledge all funding sources that supported their work as well as any relevant corporate affiliation.
- Trademarked names should not be used to refer to devices or techniques, when possible.
- Although we encourage submission of articles that may only contain the author's opinion for the purpose of stimulating thought, the editors may present such articles to colleagues with experience in the area in question for the purpose of obtaining further opinions to be published alongside the original article. Occasionally, a manuscript might be sent to an external reviewer who will judge the manuscript in a blind fashion to make recommendations about its acceptance, further revision, or rejection.
- Once the manuscript is accepted, it will be published as soon as possible, depending on space availability.
- All manuscripts should be submitted to forumeditors@ishrs.org.
- An Author Authorization and Release form must be individually completed by every author listed on the byline and the Word document (not a fax) submitted at the time of article submission. The form can be obtained in the Members Only section of the ISHRS website at www.ishrs.org. This release is meant to be signed electronically directly in the Word document. Simply open on your computer, fill in the highlighted fields, and return the Word document with your submission.
- All figures and tables should be sized down to no greater than 6 inches in width and sent as separate attachments to your email.
- For the complete list of instructions and downloadable checklist, go to: https://ishrs.org/wp-content/uploads/2020/06/ISHRS_Forum_ArticleSubmission_checklist_Fillable.pdf.

Submission deadlines:

February 5, for March/April 2021 issue

Fight the FIGHT Campaign Update

Fight ***The*** ***FIGHT***

SLOW UN-PAUSE OF THE CAMPAIGN

When the pandemic hit, we paused the Fight the FIGHT campaign. We are now slowly starting it up again, reviewing the campaign assets and determining an appropriate roll-out schedule for 2021. Currently, we are focusing on the good work of ethical physicians with the Pledge campaign. The public perception of physicians is at an all-time high due to the heroic performance of physicians on the frontlines of caring for those with COVID-19.

TAKE THE PLEDGE

If you have not yet recorded a pledge video, please do so. We have a resource page to help you. Download at <https://fightthefight.ishrs.org/pledge/>

You can see example videos from your colleagues. We thank the members who submitted pledge videos during the World Congress. We have highlighted them on the Fight the FIGHT Pledge page.

MULTI-LINGUAL FIGHT THE FIGHT MICROSITES

We are finishing the build of the various microsites. We have all the content for the Fight the FIGHT campaign in five languages. Each is its own microsite. You can easily navigate between the different languages by clicking on the flags on the top left when you are browsing.

English: <https://fightthefight.ishrs.org/>
Arabic: <https://ftfarabic.ishrs.org/>
Italian: <https://combattifight.ishrs.org/>
Portuguese: <https://combataosfight.ishrs.org/>
Spanish: <https://luchafight.ishrs.org/>

Please take a moment to view the valuable content and share in your email newsletters to your patients, social media audiences, and to your colleagues. We have case studies, FAQ pages, warnings, press releases, position statement and much more.

If you have a case study or would like to write an article about the black market, please send an email to: fightthefight@ishrs.org.

MULTI-STRATEGY AND MELDING OF TWO COMMITTEES

We are in the process of appointing committee members. Thank you to those who submitted an application to volunteer for a committee. We will be reaching out to you soon. We are combining two committees as part of restructuring the strategy to combat the unlicensed practice of medicine in an effort to elevate patient safety, and educate patients, our physician peers, medical boards, and legislators.
