Editorial Guidelines for Submission and Acceptance of Articles for the Forum Publication
1. Articles should be written with the intent of sharing scientific information with the purpose of advancing the art and science of hair restoration and improving patient outcomes.
2. If results are presented, the medical regimen or surgical techniques that were used to obtain the results should be disclosed in detail. If intra-operative or immediate post-operative photos are presented, please submit photos that show results (at least 6 months after surgery) of the procedure being presented.
3. Articles submitted with the sole purpose of promotion or marketing will not be accepted.
4. Authors should acknowledge all funding sources that supported their work as well as any relevant corporate affiliation.
5. Trademarked names should not be used to refer to devices or techniques, when possible.
6. Although we encourage submission of articles that may only contain the author’s opinion for the purpose of stimulating thought, the editors may present such articles to colleagues with experience in the area in question for the purpose of obtaining further comments to be published alongside the original article. Occasionally, a manuscript might be sent to an external reviewer who will judge the manuscript in a blind fashion to make recommendations about its acceptance, further revision, or rejection.
7. Once the manuscript is accepted, it will be published as soon as possible, depending on space availability.
8. All manuscripts should be submitted to forumeditors@ishrs.org.
9. An Author Authorization and Release form must be individually completed by every author listed on the byline and the Word document (not a fax) submitted at the time of article submission. The form can be obtained in the Members Only section of the ISHRS website at www.ishrs.org. This release is meant to be signed electronically directly in the Word document. Simply open on your computer, fill in the highlighted fields, and return the Word document with your submission.
10. All figures and tables should be sized down to no greater than 6 inches in width and sent as separate attachments to your email.

Submission deadlines:
October 5 for November/December 2022 issue
December 5 for January/February 2023 issue
February 5 for March/April 2023 issue

Classified Advertising Guidelines for Submission
To place a Classified Ad in the Forum, email ishrsduckler@gmail.com. In your email, include the text of what you’d like your ad to read. You should include specifics in the ad, such as what you offer, the qualities you’re looking for, and how to respond to you.
Classified Ads cost $100 per insertion for up to 75 words. You will be invoiced for each issue in which your ad runs. The Forum Advertising Rate Card can be found at the following link:

Third time’s a charm! Join us for our (hopefully) virus-free 30th World Congress in the beautiful country of Panama.

The International Society of Hair Restoration’s annual world congress is the most important meeting in the specialty, bringing together the top minds from around the world.

Please mark your calendars and plan to attend. You may want to book a pre- or post-trip in this magnificent part of the world.

The first European city on the Pacific Ocean side of the Americas was built in Panama. On August 15, 1516, Pedro Arias Davila founded the city of Nuestra Señora de la Asunción in Panama.

Panama is the only place in the world where you can see the sun rise on the Pacific and set on the Atlantic.

Panama was the first country outside the United States in which Coca Cola was sold. Coca Cola was first sold in Panama in 1906.

The lowest toll ever paid to transit the Panama Canal was 36 cents (equivalent to $5.13 in 2017), by American Richard Halliburton who swam across the isthmus in 1928.

The emergence of the Isthmus of Panama contributed to human evolution. Homo sapiens exist because of the change in climate patterns caused by the emergence of the Isthmus of Panama. Without Panama, humans would still live on trees!
